

PRODUCT UPDATE - September 2012 (update 12.09.2017)

Nozzles and spare parts for
DELPHI® COMMON RAIL INJECTORS AND PUMPS
Suitable for Renault®, Dacia®, Ford® and Kia® vehicles

Since the first **Delphi®**-equipped Common Rail vehicle was launched in 2001, demand for these high-pressure direct injection vehicles has continued to expand. There are over 5 million Delphi® Common Rail-equipped vehicles currently on the roads. Delphi® supply the worlds largest vehicle manufacturers, including Renault®, Dacia®, Ford® and Kia®.

Check out in next page our Common Rail products.
