 suitable for Bosch® Common Rail system

MAN Nutzfahrzeuge®, with its head office in Munich (Germany), is one of the leading international providers of commercial vehicles and transport solutions. One glorious truck marked with the distinctive MAN® lion logo in the 18 to 50t weight category is the **MAN® TGA**. The first heavy truck from MAN®'s TGA range rolled off the production line in August 1999. In May 2005 the 50,000th MAN® TGA left the production plant in Salzgitter, and now this truck is produced in the MAN® plant in Jeddah (Saudi Arabia) where MAN® has 22% market share.

MAN® TGA trucks with engines D2876 and D2066 use a Bosch® Common Rail system.
